

Chilean Metals Inc. Increases Investor Communication and Share Distribution.

OTCBB- CMETF

Launches AGORACOM Online Marketing And "CEO Verified" Discussion Forum As Primary Investor Social Media Discussion Platform

TORONTO, ON / February 10, 2021 / Chilean Metals Inc (**TSXV:CMX**) (the "**Company**") is pleased to announce two initiatives to broaden awareness for the company in the investment community. It has begun trading on the OTCBB under the symbol CMETF and launched a "CEO Verified" Discussion Forum on AGORACOM. The forum will serve as the Company's primary social media platform to interact with both shareholders and the broader investment community in a fully moderated environment.

The Chilean Metals HUB is live and can be found at:

<https://agoracom.com/ir/ChileanMetals>

Chilean will also receive significant exposure through millions of content brand insertions on the AGORACOM network and extensive search engine marketing over the next 12 months. In addition, exclusive sponsorships of invaluable digital properties such as the [AGORACOM home page](#) and the [AGORACOM Twitter](#) account will serve to significantly raise brand awareness of the Company among small-cap investors. AGORACOM is the only small-cap marketing firm to hold a Twitter Verified badge, averaging 4.2 million Twitter impressions per month in 2019.

MODERATED DISCUSSION FOR CHILEAN METALS MANAGEMENT AND SHAREHOLDERS

AGORACOM "CEO Verified" provides the first-ever identity verification of small-cap executives on a finance platform. For the first time ever, small-cap CEOs and other company officers can post or communicate within a discussion forum without the risk of impersonation. As the ultimate influencers of their own companies, "CEO Verified" Forums create unmatched levels of engagement between companies and investors that have long desired civilized, constructive, and factual conversation.

Posts to AGORACOM are shareable on Twitter, Facebook, and LinkedIn, which provides Management with one-click sharing of valuable content to these social media platforms, with automatic links back to AGORACOM for civilized investor engagement.

There are no log-in requirements for investors to visit the forum, read posts, and share company posts with their networks on other platforms. Investors wishing to post questions, comments and interact with company officers can quickly log-in using their Facebook or LinkedIn accounts, or create an anonymous new user account.

The Chilean Metals Forum can be found at
<https://agoracom.com/ir/ChileanMetals/forums/discussion>

VERIFIED CHILEAN OFFICER AT LAUNCH

- **Terry Lynch, CEO**

Terry Lynch, Chilean CEO stated, "As a small public company, the onus is on us to make sure investors are aware of the unique investment opportunities presented in Chilean Metals. We have a transformative year with the two acquisitions we made and I am sure most shareholders and investors are not aware of the very real near term potential the acquisition of the Golden Ivan project in BC's famed Golden Triangle and the very exciting Battery Metal play (NISK) we acquired in James Bay. Social media participation is very important for growth companies such as ours and AGORACOM forums are purpose-built to facilitate intelligent discussion without the nonsense that plagues other such sites. I encourage everyone to read and participate in our CEO Verified Discussion Forum to create a great, vibrant, and constructive discussions for the long-term benefit of everyone. "

George Tsiolis, AGORACOM Founder stated:

"I am honored to welcome Terry and Chilean Metals to Agoracom. Terry is a superb advocate for Junior Mining in the movement to stop predatory short selling with his Save Canadian Mining Initiative. Chilean Metals has tremendous projects poised to provide tomorrow's generation with the metals needed today. I look forward to supporting Terry and Chilean as the world catches on to their tremendous potential."

To qualify as a consultant with this exemption, the consultant must be engaged to provide services to the issuer, pursuant to a written contract, other than services provided in relation to distribution and must spend a significant amount of time and attention on the affairs and business of the issuer. Each issuance shall be subject to a 4-month hold period.

About Chilean Metals Inc.

Chilean Metals is a Canadian junior exploration company focusing on high-potential copper, gold, and battery metal prospects in Chile and Canada.

Chilean Metals is the 100-per-cent owner of five properties comprising over 50,000 acres strategically located in the prolific iron-oxide-copper-gold belt of northern Chile. It also owns a 3-per-cent NSR royalty interest on any future production from the Copaquire copper-molybdenum deposit, recently sold to a subsidiary of Teck resources Inc. Under the terms of the sale agreement, Teck has the right to acquire one-third of the 3-per-cent NSR for \$3-million at any time. The Copaquire property borders Teck's producing Quebrada Blanca copper mine in Chile's first region.

Chilean Metals has completed the acquisition of the Golden Ivan project in the heart of the golden triangle. The golden triangle has reported mineral resources (past production and current resources) in total of 67 million ounces of gold, 569 million ounces of silver and 27 billion pounds of copper. This property hosts two known mineral showings (gold ore and maguee), and a portion of the past-producing Silverado mine, which was reportedly exploited between 1921 and 1939. These mineral showings are described to be Polymetallic veins that contain quantities of silver, lead, zinc, plus/minus gold and plus/minus copper.

The Nisk project comprises a large land position (20 kilometres of strike length) with numerous high-grade intercepts outside the current resource area. Chilean is focused on expanding its current high-grade nickel copper PGE mineralization historical resource prepared in accordance with NI 43-101, identifying additional high-grade mineralization and developing a process to potentially produce nickel sulphates responsibly for batteries for the electric vehicles industry.

About AGORACOM

[AGORACOM](#) is the pioneer of online marketing, broadcasting, conferences and investor relations services to North American small and mid-cap public companies, with more than 300 companies served. AGORACOM is the home of more than 7.7 million investors that visited 55.2

million times and read over 600 million pages of information over the last 10 years. The average visit of 8min 43sec is more than double that of global financial sites, which can be attributed to the implementation and enforcement of the strongest moderation rules in the industry.

Cautionary Note Regarding Forward-Looking Statement

This news release may contain certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical fact, that address events or developments that CMX expects to occur, are forward looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Forward-looking statements in this document include statements regarding current and future exploration programs, activities and results. Although CMX believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration success, continued availability of capital and financing, inability to obtain required regulatory or governmental approvals and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
